Butler's Tire And Accessories Now Officially Offers The Best Pensacola Tires

January 08, 2018

January 08, 2018 -
Butler's Tire & Accessories, a business in Pensacola, FL, is proud to announce that they have been voted as offering the best new and used Pensacola tires around in a community poll. The poll highlighted the fact that the company always has the best quality tires in stock at the most affordable prices, as well as having family-friendly policies. They have set themselves apart as the go-to source for all things tires in the area.

Jim Butler, owner and founder of Butler's Tires & Accessories, says: "Our warehouse stores over 2,000 used tires of singles, pairs, and complete matching sets. You will also be shocked on how much we can save you on your next new tire purchase! We're really proud to have been recognized for this and will do all we can to continue to deserve this honorable reputation."

For the company, stocking on the best used tires Pensacola has to offer is almost like a service to the community. Tires can be incredibly expensive, and most people cannot afford to have new ones on their vehicles regularly. Used tires are fine, so long as they have been properly checked over and so long as it is known exactly where they came from. Again, Butler's Tires & Accessories makes sure that people who purchase tires from them can do so with confidence.

One of the reasons why the company stood out as a contender in the community poll were the many positive reviews they have received from their happy customers. Mike McG., for instance, says on the company's website: "They had to order my tires. When they arrived I was promptly notified. I arrived at the shop the next morning and was out of the shop in 45 minutes with a set of new tires at a great price. They noticed I was missing a center cap on one of my tires and they offered to replace it for $10. It was a great experience."

People are encouraged to contact what most people consider to be the best tire dealer Pensacola has to offer if they require any information on new or used tires, or any other vehicle accessories.
