

Desiree Peterkin Bell Announces That 2017 Was A Fantastic Year For DPBell & Associates

January 15, 2018

January 15, 2018 - PRESSADVANTAGE -

DPBell & Associates has announced that they have had a purpose driven year in 2017 and are looking forward to an even greater 2018. To celebrate, they have recently released a newsletter highlighting all their different notable projects and looking forward to the future.

Desiree Peterkin Bell, CEO of DPBell & Associates, says: "It has been a year of growth, determination and redefining the paradigm. In 2017 DPBell & Associates helped to raise hundreds of thousands of dollars while advising and helping candidates win elections across the country. We will continue this effort for midterm elections and beyond."

For 2018, the company is excited to be at the forefront of significant campaigns, policy discussions and issues that impact people every single day. Desiree Peterkin Bell herself co-authored a best selling book on Amazon, 'Women Who Inspire', which sold out in 24 hours before being restocked. The team has traveled to and done business in the Caribbean, Tel Aviv, India, and Dubai. They have an even more robust international

schedule of projects and events in 2018. They participated on panels and spoke to audiences in various cities while partnering with some amazing brands like DocuSign and Google.

"But we are just getting started," points out Desiree. "In 2018, we will continue to expand our footprint nationally and globally with additional team members and more partners. Please keep up with us on our website and Facebook page."

She adds: "We thank you all for your support, send good vibes only, let us know if we can be helpful to you and continue to operate a life of Purpose Not Position."

Desiree Peterkin Bell and DPBell & Associates has partnered with Web-Done, a leading web presence company which specializes in strategic marketing and online crisis management based in Tel Aviv, for international brands like Cisco, BMW, Marvel, Israel Aerospace Industries, The Israel Ministry of Health and more, Smart Cities New York (SCNY) North America's leading global conference to address and highlight critical solution-based issues that cities are facing as they move into the 21st century, Amp.it, a content engagement technology that uses gamification and sophisticated analytics to drive deep engagement, build and retain community around impactful content, and enable organizations to better understand their most active community members and Nickel and Dime OPS- New York City's most exciting young jazz musicians who decided to unite their talents in 2010 and whose goal was to push the boundaries of creativity, both musically and lyrically.
