January 12, 2018

January 12, 2018 - PRESSADVANTAGE -

TG Home Improvements, based in Bloomsburg, PA, are proud to announce that they recently received a five star review. As a way to say thank you, they have created a video that showcases the review. This video was published on January 8, 2018 and demonstrated how happy the homeowner was with the remodeling work that was provided. The video can be viewed at <https://www.youtube.com/watch?v=JEm851Hp7IE>.

Lizz Hendricks, the homeowner who provided the review, says: "Tom easily removed my unwanted cabinetry (and re-used them elsewhere, which I appreciated), expertly rebuilt and drywalled the soffit, patched up the remaining wall and left my room cleaner than it was when started."

TG Home Improvements was founded by Tom Gay, who was born and raised in Millville. From an early age, it was clear that he had a passion for all things construction, which eventually culminated in his obtaining a BA in Plastics & Polymer Engineering. In 2016, with the support of his family, he decided to turn his passion and hobby into a full time career and start his own company.

From the word go, therefore, there was an element of human passion involved in the work that the company

does. Tom believes that every customer should be treated as a member of the family and he is only happy when they are happy. This is why, as showcased in the Lizz review, he will always go above and beyond what the customer has asked for. And it is also why such a positive review is so meaningful for him.

TG Home Improvements specializes in drywall and painting services. In addition, the company also takes on roofing, demolition, and new build construction work in any of the areas covered by the company, as shown on Google Maps at <https://goo.gl/maps/RyoHxATkmQG2>.

Interestingly, all the work that Tom offers, is work that he has completed on his own home as well. He has built up a significant portfolio of examples, showcased on his website at <http://www.tghomeimprovements.com>. The passion and dedication to only creating happy customers, as he has succeeded in doing with Lizz, is blatantly obvious in each of these images.
