

Septic Tank Pumping Service In Mechanicsville VA Showcases Glowing Review

January 22, 2018

January 22, 2018 - PRESSADVANTAGE -

Commonwealth Waste Solutions, a business in Mechanicsville, VA, is proud to announce that they have received a new glowing review. To say thanks to their customer, they have turned this review into a showcase video, which can be viewed at <https://www.youtube.com/watch?v=hwIUf3gNqNg>. The video was published on January 17, 2018, and in it, the homeowner who left the review indicated that he was particularly happy with the company's septic tank pumping service and wanted to share his experience.

In the review, Nathan Rentfrow says: "Excellent customer service... and they saved me a ton of money too. I highly recommend this company. Thank you Commonwealth Waste Solutions."

The company, as shown on their Google maps page at <https://goo.gl/maps/KCFqH6p9cvK2>, offers septic tank cleaning service to the wider Mechanicsville, VA area. They cover Ashland, Atlee, Beaverdam, Doswell, Elmont, Hanover Courthouse, Hanover, Mechanicsville, Montpelier, Old Church, Rockville, and Studley. In each of these areas, they have delivered high quality work that their customers have been incredibly pleased with.

This latest review is one of the many glowing testimonials that the company has received. Indeed, their Facebook page at <https://www.facebook.com/CommonwealthWasteSolutions>, lists a wealth of positive reviews, ranking the company as a 4.5 star business. This is a very high rating on a platform like Facebook, where reviewers are known to be highly critical. In the various reviews, people consistently refer to Commonwealth Waste Solutions as the best in the business, while also being highly appreciative of the company's honesty and clarity, as well as of the advice and information they provide.

Indeed, the company's website also provides a wealth of information to people about septic tanks, helping them to determine whether or not it needs pumping. They have a full page dedicated to septic tank tips, in an effort to let people know how to keep their septic tanks functioning for as long as possible. These include using tissue, dishwasher detergent, and laundry detergent that are friendly to the tank, properly using the laundry machines and dishwashers, actively introducing a high quality bacteria / enzyme additive, eliminating the disposal of any items that are unfriendly to septic tanks, and learning how to safely unclog drains without damaging the septic system.
