

DigitalRez Launches New Year Special & Referral Program

January 31, 2018

January 31, 2018 -
DigitalRez, based in Sicamous, BC, Canada, is proud to announce the launch of their 2018 special deal. Additionally, they have launched a discount offer for RezExpert clients who refer another potential client. They have announced that throughout 2018, a 10% to 100% discount will be available through this.

Kevin Hall from DigitalRez says: "This year, we want to make our clients' lives as easy and convenient as possible, so we will have various specials throughout the year. That way, everybody will always be able to get a spectacular deal and get the most out of our app as well."

At the time of this writing, those who sign up to the eGuest Connect package would receive three additional modules. Aside from the eGuest Connect app, clients will also get the Review Management module, Resource Management module, and the Task & Notes (CRM) module.

"Thanks to the Review Management module, you allow clients to create reviews and you can manage in-house reviews before your customers leave, allowing you to deal with bad reviews before they are posted on social media," adds Kevin Hall. "The Resource Management module, meanwhile, allows you to schedule

and track maintenance tasks on site or off site of the business. The Task & Notes module allows the creation and management of tasks and notes for employees, customers, and units."

One of the greatest developments for 2018 is the new RezExpert referral program. RezExpert users will have the chance to earn a 10% discount for every potential client referred that becomes a new client of RezExpert. The discount is applied to the Saas monthly fee.

"Do not miss out on our fantastic referral program and take advantage of our 10% discounts for each referral," says Kevin Hall. "Discounts of 10% to 100% are available exclusively for RezExpert users."
