

# Plastic Surgeon In Baltimore Now Offers Viviscal Professional

*January 26, 2018*

January 26, 2018 - PRESSADVANTAGE -

Baltimore Plastic and Cosmetic Surgery Center, based in Timonium, MD, is proud to announce that they now offer Viviscal Professional for thinning hair. Details about this treatment are available on the clinic's website at <https://www.baltimoreplasticsurgery.com/blog/viviscal-professional-thinning-hair-now-available/>. The clinic wants to emphasize that the treatment is completely natural and the results have been impressive.

Dr. Jeffrey Schreiber from the Baltimore Plastic and Cosmetic Surgery Center says: "I often work with patients who are concerned about thinning hair. Indeed, I have completed many hair transplants over the course of my career. Not everybody is a suitable candidate for a transplant, however, which is why I now recommend and offer Viviscal Professionals as well."

The treatment is completely natural. It makes use of AminoMar marine complex, which is its main active ingredient. It also contains apple extract powder (procyanidin B-2), which helps to thicken hair, and biotin, which is necessary for healthy hair and nail growth. It also contains vitamin C for free radical damage protection. Last but not least, it contains essential amino acids L-cystine and L-methionine, which help to form hair and skin.

Viviscal Professional has gone through clinical trials, where it was demonstrated to have positive effects. Dr. Schreiber adds: "In a recent clinical study, Viviscal users reported significant improvements in a Quality of Life Questionnaire. They reported improvements in thickness of hair, hair strength, and overall skin health." Those interested in the treatment are encouraged to contact the clinic.

The clinic, as shown on Yelp at <https://www.yelp.com/biz/baltimore-plastic-and-cosmetic-surgery-center-baltimore-7> is very popular and many patients have experienced tremendous benefits of the treatments they have received. Jen B., for instance, says: "Been coming to this office for years now and cannot say enough wonderful things about everyone here. Staff is kind and welcoming and Dr. Schreiber is the best at what he does. From surgery to Botox, he is the utmost professional, always making me feel comfortable, and I always leave with the BEST results. Go

see Dr. Schreiber. You won't be sorry."

People who are concerned about their thinning hair are encouraged to contact Dr. Schreiber to determine the best course of action. They can do so at the clinic's website at <https://www.baltimoreplasticsurgery.com/baltimore-plastic-surgeon-contact-us/>.
