

## **Chiropractic Clinic In Manteca, CA Launches Weight Loss Program**

*January 30, 2018*

January 30, 2018 - PRESSADVANTAGE -

Watson Chiropractic, a clinic in Manteca, Ca, has announced that owner and founder, Dr. Bruce Watson, has recently expanded his services to include a weight loss program. This program is fully described on the clinic's website. Watson Chiropractic is the most reviewed chiropractor in Manteca, despite having only operated in the area for two years. It is expected, therefore, that they will soon be known as the best weight loss clinic Manteca CA has to offer as well.

Dr. Bruce Watson himself says: "We provide a high quality natural dietary supplement with doctor supervised guidance and education. This is a natural dietary supplement, developed by ChiroNutraceutical. We provide you with various supporting materials that you can always take with you, ensuring you never feel confused or lost. The treatment also comes with a recipe book and guide to help you burn fat more efficiently, as well as a daily journal for food and weight."

The clinic says that the ChiroThin weight loss program is a very exciting development and people who have used it have lost significant amounts of weight in a surprisingly short period of time. Dr. Watson is committed to helping people live healthy, which is why he felt ChiroThin should be added to his list of services. Being

overweight has a significant impact on the musculoskeletal system, and many of Watson Chiropractic's patients are overweight. Dr. Watson feels that, by helping them to lose weight, he can also ensure they live a more comfortable, pain-free life. Dr. Watson adds: "I honor the body's innate ability to heal itself."

Those who have received treatment at the clinic before have been full of praise about the services they received. Indeed, Dr. Watson is the most reviewed chiropractor Manteca has to offer, something he has worked very hard to achieve. Andrew G. says on Facebook, for instance: "Best Chiropractor in Manteca by a long shot. After visiting with Dr. Bruce Watson, the pain in my lower back quickly went away. Couldn't be more happy with the service. I really appreciate not having to schedule an appointment and just being able to show up at my leisure. My appointments take less than 5 minutes which is great."
