January 29, 2018 - PRESSADVANTAGE -

Cruvina, providers of shatterproof plastic glasses, announces that customers are expressing appreciation of their Tritan wine glasses.

"More and more people are looking for sturdy and reusable plastic drinkware," says Cruvina Co-Founder Erin Moore. "We wanted to provide our customers with high-quality plastic glasses so that they could enjoy their wine drinking experience to the fullest, without fear of breaks and spills, but with an aesthetically pleasing shape."

Cruvina wine glasses are made out of clear Tritan plastic, a high-quality, food-grade, BPA-free polymer. They are odor and scratch-resistant and have been shown to be dishwasher safe. They have been designed with anti-tipping technology and a comfort spill-guard rim. They have the classic design which is at home in both formal and informal settings, so they can be used for occasions ranging from elegant dinner parties to a child's birthday party. The glasses can be used for any cold drinks, from chardonnay to water.

Customer reviews include these:

"I only drink my wine from plastic. I am quite clumsy, so plastic is for me. I have used other plasticware that was much thinner than these, and did not look as nice. These plastic glasses are of very high quality. These really do look like glass. They are not flimsy plastic, but very high quality, thick plastic. I am so happy with these, that I bought an additional set."

"I love these glasses....they are perfect for outdoor dining....especially around my pool...The size is good for drinks and desserts...not too small or too large....they look great after washing on the top rack of the dishwasher....I have bought them for both of my homes and have sent them as a gift....they are good looking and they are stable...they don't roll around and tip over....the price is right and the quality is very good....I have bought 7 sets and am considering buying more!?"

The set of four 13-ounce Cruvina wine glasses is available on Amazon for \$24.97. The set also comes with a 30-day money-back guarantee.
