February 26, 2018 - PRESSADVANTAGE -

Mike Breen Attorney at Law, a Bowling Green, KY personal injury lawyer, is proud to announce that they have updated their website to include an easy to use contact form. This form gives people the opportunity to schedule a meeting with an attorney at the firm. It also enables people to provide a brief description of the issue they are facing.

Mike Breen himself says: "The world is becoming increasingly digital and we felt that it was about time that we made it easier for people to contact us. Instead of expecting prospective clients to contact us over the telephone and explain what is going on, we now give them the opportunity to do so online. We will contact them through email or phone, as per their preference, in response."

The Bowling Green, KY accident attorney also offers free consultations to new clients. These can be booked through the new contact form or over the telephone. Consultations are offered either in English or in Spanish.

In terms of areas of practice, the accident attorney focuses on motor vehicle collisions, serious and catastrophic injuries, negligence resulting in death, dealing with insurance companies, medical malpractice, careless companies, and social security disability. Mike Breen adds: "I am to protect people from insurance companies and corporations, bringing justice for people harmed by the carelessness of others."

Those who have worked with the attorney in the past have been incredibly happy about the service they have received. Tiffany E.S., for instance, says on the firm's Facebook page: "I highly recommend hiring this law firm. They were simply amazing. They helped me through a total loss not at fault wreck on Jan 6th 2017. They really do care about their clients and will do what it takes to solve your legal matter. They were even willing to look at another case for me that they dont typically cover and refer me to a attorney that does."

People are encouraged to contact Mike Breen P.S.C. as soon as possible if they believe they have a personal injury case to be made. Thanks to the new online contact firm, this is now much easier.
