

## **Pensacola Chimney Cleaning Service Advises How to Stay Safe This Winter Season**

*February 05, 2018*

February 05, 2018 - PRESSADVANTAGE -

Pensacola, FL ? When it comes to winter storms, Florida is not familiar with them. However, the Doodlebuggers Service Network, a leading Pensacola chimney cleaning service, is set to equip its customers with all the proper tools and knowledge on staying safe. To inform the public on winter safety, the company wants to share some safety tips.

Never panic when disaster strikes, the company says, as it is important to remain calm and relaxed so matters don't get worse. This season has showed weather conditions that Florida has not seen in years, and Doodlebuggers Service Network is here to help. Recently, the team has released a set of valuable tips to help you stay calm and prepared.

Doodlebuggers Service Network owner Tonia LaMontagne said, "It is in our best interest to keep locals safe during these harsh winter weather conditions. The more information they know, the less they will fear."

In order to stay collective during these storms, the Pensacola mold restoration company suggests that people stay informed and educated on cold weather conditions. They say that people should always maintain

heaters and fireplaces, and monitor & unplug all electrical outlets to avoid unexpected fires. When stepping out of the house, Disaster Response Team advises everyone to dress in warm layers and wash hands often to avoid winter-related illness. These tips and more will help everybody during the cold weather.

?So far 2018 has been off to a great start,? LaMontagne said. ?We want to make sure it stays great by constantly helping the people in our community and keeping safety methods everyone's number one priority.?
