Bowling Green, KY ? ?Car accidents, falls, medical mistakes, and nursing home abuse take life in a sudden and different direction,? says Mike Breen, a car accident injury lawyer of Bowling Green, KY with 34 years of experience. ?People and loved ones who have been harmed are suddenly faced with many serious choices about how to handle an unexpected crisis,? Breen said.

People who have been injured by someone?s carelessness suddenly face the loss of a paycheck, huge medical bills, disability, and managing the maze of medical treatment. ?It can be overwhelming,? Breen said. ?To top it all off, there may be legal claims that need early attention and management so that evidence is preserved and the client doesn?t do anything to hurt their claim.?

Contacting a qualified auto accident Attorney in Bowling Green, KY early on is critical because the victim will need advice on getting the car repaired and a rental car, paying bills, and keeping control of the insurance company. Selecting a lawyer can be difficult. Law firms are advertising everywhere, and a big advertising presence doesn?t necessarily mean that you will get qualified people handling your claim.

?Lots of TV law firms have ?intake specialists? who don?t know very much about what they are doing, and give bad advice. There is no substitute for experience.? Breen says that a few simple questions make the selection of a qualified injury lawyer much easier.
