

Golf Umbrella Is Best In Category After Receiving Rave Reviews

February 14, 2018

February 14, 2018 - PRESSADVANTAGE -

Protea Products Inc is a newly formed business in Dover, DE. Their flagship product is a high quality golf umbrella, which has now been available for a short period of time. The company is proud to announce that, since launching the umbrella, it has received numerous rave reviews and its now listed as best in category.

Brad Purse from Protea Products Inc says: "We're so happy to see that people are loving our golf umbrella. We wanted to create something convenient, easy to use, multi-functional and, most of all, effective in terms of protecting people against the elements and it seems that is precisely what we have done. We can't thank our customers enough for their support."

To date, the product has received ten customer comments on Amazon. All of these golf umbrella reviews have been five stars. People hail its size, its excellent construction, and how easy it is to use the umbrella, opening it at just the push of a button. "This umbrella most certainly fits the bill. I've never had an automatic golf umbrella and I'm thrilled to have one that opens so smoothly at the push of a button. If you've very been in a sudden rain shower, you can appreciate just how handy this feature is. The slip case it comes with slides off and on easily, thanks to the two straps that tighten the umbrella once closed (most large umbrellas that I

have had still only have one). This umbrella is large and light and very sturdy. It held up beautifully in yesterday's winds of 15-25 mph..." says an Amazon customer.

The umbrella is made out of high quality, quick drying materials, which is another important benefit. Because it repels water, there is no need to leave the umbrella open to dry in a passage or hallway for hours. Rather, it can be immediately closed after use and then stored, without people having to worry about the formation of mold.

From the many positive reviews, it is clear that many people see this as the best golf umbrella on the market. It offers people all that they are looking for and more. Backed by a full money back guarantee, this is truly the only umbrella anyone will ever need.
