Julie Ihara, co-founder and owner of The Ihara Team, says: "Learn how to start, build, upgrade, or liquidate your real estate portfolio to build your family's wealth. This seminar will be packed with strategies and practical information that you can use immediately in today's real estate market to create generational wealth."

During the event, people will first learn to use real estate to build a passive income, letting it work for them. Furthermore, they will learn how to build a successful portfolio and how to upgrade it as well. Moreover, it will focus on how to use the 1031 Exchange to their advantage, thereby creating generational income and leaving a family legacy. The seminar will also discuss how to buy and flip properties, thereby increasing wealth.

The seminar will be held on Tuesday, March 27, 2018 from 6:00pm until 7:30pm HST at the American Savings Financial Services Center, 1215 Hunakai Street, Honolulu, HI 96816. The content of the seminar has been developed by the Ihara Team, <http://www.hawaiiitcs.com/>, and The Complete Solution (TM). Together, they have a wealth of experience in the world of real estate, wealth building, and senior living.

As shown on their website at <https://www.iharateamhawaii.com/>, the 1031 Exchange is one area of focus for the agency, finding it incredibly beneficial to help people build significant wealth. Julie Ihara adds: "We educate our clients on how to legally defer their capital gains taxes when selling an investment property. We show how to create a legacy with your real estate so that your heirs don't fight over real estate after you have passed away. We also introduce how a partial 1031 exchange can potentially eliminate all capital gains

taxes."

Those interested are encouraged to book their place at the upcoming seminar as soon as possible as tickets are running out quickly.
