

BR Williams Celebrates 60 Years in Trucking and Logistics

February 24, 2018

February 24, 2018 - PRESSADVANTAGE -

In 1958, BR Williams began with one man, one truck and one dream. That man was Bill Williams. After losing his life in an on-site fire, Bill's wife, Ruth Williams, fearlessly took charge and ran the business during a tumultuous time for women in leadership.

Many years later, Ruth handed the baton to her son-in-law, Greg Brown, who saw the company through the worst economic downturn of the time. Since then, Greg has taken the company to heights Bill and Ruth could have only dreamed.

This year, BR Williams celebrates the dream of that one man, the two courageous leaders who extended his legacy and the countless members of the BR Williams family who have served alongside them all these years. This year is particularly special for the BR Williams family as they reach 60 years of business.

Built on three simple promises: Honesty, Integrity and Service (HIS), BR Williams Trucking has become a leader in the transportation industry.

Over the last 60 years the fleet has grown to 165 satellite-equipped tractors and 625 air-ride van trailers, servicing the 48 contiguous states and Canada. Headquartered in Alabama, BR Williams is a freight company, logistics, 3PL carrier, and long-distance over the road (OTR) trucking company.

In addition to trucking, BR Williams offers supply chain management, warehousing, and distribution fulfillment services. Currently touting six facilities that are strategically located across the Southeast, BR Williams takes pride in their organized and advanced facilities.

With years of Supply Chain experience, BR Williams can analyze current supply chains and provide the best solution for maximizing the bottom line. Currently using the Zethcon Inventory Management System, BR Williams is able to manage and measure all activity and movement in real-time, so that full potential can be reached.

BR Williams is ISO 9001:2015 Quality System Registered, Smart Way Certified, Certified Transportation Brokers, Members of the International Warehouse & Logistics Association, Alabama Trucking Association, Alabama Automotive Association, Truckload Carriers Association and more.

"We are so proud to have served you for the last 60 years. It has been a privilege and an honor that we do not take lightly. With God's guidance, we look forward to leaving a legacy that all things are possible through God's grace. Thank you for being part of our family," says Greg Brown, CEO.

About BR Williams:

With humble beginnings back in 1958, BR Williams has grown into an award-winning supply chain management company servicing all 48 contiguous states and Canada. Headquartered in Piedmont, AL, with facilities in Anniston (2), Oxford, Eastaboga, Mobile and Tallahassee, FL, BR Williams supports over 2550 customers across the Distribution, Logistics and Transportation divisions. Industries served: automotive, defense, home improvement, education, food raw materials, textiles, chemical, industrial packaging, metals (finished goods), highway safety and more.

To discuss Distribution, Logistics or Transportation Services options, please contact Matt Nelson at matt.nelson@brwilliams.com or (800)-523-7963.
