

Hydrolyzed Collagen From Recharged Reality Offers Summer Savings

June 27, 2015

June 27, 2015 -

Recharged Reality has announced that they are offering huge summer savings on their premium collagen powder. The hydrolyzed collagen can be purchased through the company's online sales portals for 40% off during the summer season. Regularly \$49.95, this as seen on TV product is now available for \$29.95. The company has said the following regarding the product and why it is so sought after:

"Everything from tendons around joints, to cartilage in and around your bones and joints. To your skin, which is the largest organ in or outside our body. This innovative formula does not replace collagen, nothing so far is able to do that. What this Super Supplement does, is it stimulates your body to produce it on its own. Eureka, There You Have It! If you can kick start your body to make collagen, you WILL LOOK & FEEL BETTER."

The supplement can be added to a number of liquids to be ingested with no taste during or after consumption. The company suggests that consumers try it in coffee, tea, smoothies, or juice, by adding one scoop to any beverage. The powder is described as being packed with pure protein, which acts as a building block to muscles and skin, and helps in rejuvenation and regeneration. Recharged Reality says everything from fine lines and wrinkles to cracked and dry skin can be aided by using this product.

For More Info, Recharged Reality invites interested individuals to visit them on their website. Here they can learn more about the Hydrolyzed Collagen, as well as read testimonials and reviews from previous customers who have been happy with their own use of the product. The supplement is sold in a resealable container to retain freshness for long periods of time, and includes a scoop, which is pre-measured for the exact amount necessary in each dosage. Recharged Reality explains:

"As described by the National Institute of Arthritis and Musculoskeletal and Skin Diseases (NIAMS). Collagen is responsible for keeping cartilage and joints intact and mobile by maintaining the fibrous and elastic structure of bones and joints. It works with another compound called Elastin to provide strength and firmness to the tissues. Fine Collagen Powder also works to keep the skin looking firm, tight, flexible and youthful

looking."

Currently the reviews for the supplement are highly positive, which helps to reflect the company's own confidence. Recharged Reality believes so strongly that customers will find success in their collagen powder that they offer a 60 day 100% customer satisfaction guarantee, during which time anybody who purchases the product can return it for a full refund with no questions asked.

Recharged Reality's Hydrolyzed Collagen is described as being all-natural with no hormones, and only grass fed bovine used in its manufacture. It is made in the United States following a series of research to find the best possible combination of ingredients. It is promoted for skin, joint pain, and brittle or unhealthy hair and nails. They encourage anybody suffering from these problems, or who are seeking preventative measures to try their product.
