

Panama City Disaster Response Team Helps Out Local Children Learning Center

March 08, 2018

March 08, 2018 - PRESSADVANTAGE -

Panama City, Fla.- When it comes to giving back to the community Disaster Response Team, a leading Panama City damage restoration company, succeeds. Recently, they provided a complimentary SteraMist spray treatment on the high-touch areas of the Creative Learning Center located in Miramar Beach, Florida.

With flu season especially bad this season, the team wanted to give back to the community by doing a gesture to help control and mitigate to spread of the flu, stomach viruses, and other common illnesses. They wanted to help try an offer an extra resource to the Creative Learning Center to help kill off viruses and support the health of children, families and the employees.

Disaster Response Team owner Mark Broersma said, "Giving back to the community is always a very rewarding process. DRT is dedicated to helping better the lives of the people around us in whichever way we can."

To do this, the Panama City emergency response team used a pro bono SteraMist spray in the center. This is a portable, fast-acting disinfection system. By using this system the team was able to clean the center to

make it a safe and clean place for everyone. With how deadly the flu is this year, it is important to keep all public centers clean of disease-spreading germs. By doing this, DRT offered the people who attend the center and their families a safe and clean place to go to.

?The team hopes everyone stays safe and clean this season,? Broersma said. ?We want to make sure our community remains to be diligent when it comes to their health.?
