

Resilient Beauty Launches Its 4-in-1 Electric Facial Cleansing Brush In The Market

June 30, 2015

June 30, 2015 - PRESSADVANTAGE -

Resilient Beauty, a personal care products company based in Woodinville, WA, recently announced the launch of its 4-in-1 electric facial cleansing brush. The product, currently available on Amazon.com, is one of the latest products to be launched by Resilient Beauty.

"Electronic facial cleansing brushes have won the praises of many doctors and researchers," a spokeswoman from Resilient Beauty has stated in a recent interview. Through the product, the company wants to spread the many benefits of using an electric facial brush. Studies have shown that the brushes, when used regularly, effectively banish impurities while increasing blood circulation under the skin. [Click here](#) for more information.

Improving an individual's overall health has always been Resilient Beauty's main concern. "Resilient Beauty takes pride in our products that help our customers feel younger and beautiful. Using an electric facial brush has a lot of health benefits, and we're excited to let our customers experience them," the Resilient Beauty spokeswoman stated. Through the launch of its 4-in-1 electric facial cleansing brush, individuals would be able to experience its many wonders. Using the electronic facial brush would lead to a cleaner face, meaning

products such as moisturizers, anti-aging serums, and topical retinoids penetrate better and work faster. Resilient Beauty's electric facial cleansing brush is made to exfoliate and clean, resulting in a more fabulous, youthful looking skin.

The 4-in-1 electric facial cleansing brush comes with an exfoliating brush head that has ultra-fine bristles that aid in exfoliating skin. A sponge applicator head is also included. It is used to evenly apply moisturizers, serums, and other beauty aids. A nail buffer head is a fine-grain buffer that shapes and files nails with ease. Finally, a pumice stone head is included to help smoothen callused feet. In addition, the 4-in-1 electric facial cleansing brush comes with a bonus of Resilient Beauty's Firm Believer and Bounce Back anti-aging creams.

Customers have been trying the product and have been leaving good feedback on Amazon.com. Amazon customer Gina stated that the product is a "must-have" and left a 5-star rating. She continues:

"I love this electric facial brush! It cleans my face with gentle brush and my face feels super clean after washing my face with this. I don't go to bed without using this brush since using it and not using it makes a big difference. If you like to exfoliate your skin like me, this is a MUST item you need to have as part of your regimen."

Resilient Beauty's 4-in-1 electric facial cleansing brush is a holder of a 4.7 out of 5 rating on Amazon. This rating is expected to get higher, as more and more customers are ordering the product online.
