

Buick GMC Dealer Near Bristol CT Honors Ted Marola

March 21, 2018

March 21, 2018 - PRESSADVANTAGE -

Northwest Hills Chevrolet Buick GMC, a Chevrolet dealer in Connecticut, is proud to announce that they want to recognize Ted Marola for his 18 years of service as a salesman for the dealership. Ted Marola is currently a senior sales associate.

Sean Sullivan, president and general manager of Northwest Hills Chevrolet Buick GMC, says: "Ted is like family to us. He's a great salesman and a fantastic employee. He's dedicated himself to our business and our way of doing business and it's been a pleasure working with him ever since."

Ted Marola was originally from Torrington but he moved to LA with his wife in the early 80s after being laid off from a job at a spring manufacturer. After taking over his father's mold injection business in 1986 and running it until 2000, Ted answered an advertisement in the local paper for a sales position at Northwest Hill Chevrolet Buick GMC. He spent a month training before he was allowed to sell a single car. Once he started to sell, however, Marola's career truly took off and he proved himself to be a natural talent.

Ted says: "They molded me into a great salesman because they took the time to teach me the right way to do things." Doing so has clearly paid off, as Ted has been with the Buick GMC dealer near Bristol CT for 18 years and has, in that time, sold cars to thousands of people.

Northwest Hills Chevrolet Buick GMC features top of the range new and pre-owned vehicles. Ted Marola knows all there is to know about each of these vehicles and many people return to him time and again whenever they want to upgrade their car.

The Torrington CT Chevrolet dealer is one of the best known in the area. They offer new and pre-owned vehicles as well as services and parts. They also have flexible finance arrangements in place for those wishing to purchase a new vehicle, details of which Ted Marola is happy to discuss with interested parties. Those interested are encouraged to view the dealership's website for a selection of available vehicles, or to attend the showroom to take a look at what's in stock.
