March 19, 2018 - PRESSADVANTAGE -

Cruvina, providers of shatterproof plastic glassware, announces that their wine glasses can be used to serve drinks by the pool.

Erin Moore, Co-Founder of Cruvina, shares "If you have ever tried relaxing by the pool with a plastic cup filled with good wine just to have the flimsy plastic warp or tip and the wine spill all over the place, you know it can ruin your drink. This has happened to me, and I did not enjoy it. This is why at Cruvina our goal is to provide a safe and aesthetic experience. So our wine glasses are made from Tritan plastic."

Tritan plastic is a high-quality plastic made by Eastman. It is scratch-resistant and shatterproof, so it will not break if dropped on a hard surface. It has a high level of clarity and shine so that it looks like real glass. Because it is stain-resistant, it retains this clarity through repeated use and washing. It is also odor-resistant and contains no BPA, making it safe.

Cruvina wine glasses have been designed with anti-tipping technology and a comfort spill-guard rim. They have the classic design which is at home in both formal and informal settings. They can be used both for fancy wine tasting parties by the pool or to serve juice at your child's birthday pool party. The glasses can be used for any cold drinks, from chardonnays or cocktails to water.

Cruvina customers have been happy with the quality, safety and versatility of the glasses. Here is what two had to say:

"This is the third set of different brand "plastic" wine glasses. We often sit by the pool and after several accidents with glass we had to change. However most fall short of expectations. Seams from the molding process or sharp feeling lip edges. The main issue is that they turn cloudy washing in even the top rack. So far, these have maintained their glass appearance and the thick bottom makes them look even more like a glass."

?These are wonderful glasses for any cold beverage. They are the best I've bought for poolside beverages in 16 years.?

Cruvina wine glasses are available on Amazon and come with a 30-day money-back guarantee. Each box comes with four completely reusable glasses.
