

Foundation Repair Company Receives New Rave Reviews

March 29, 2018

March 29, 2018 - PRESSADVANTAGE -

G.L. Hunt Foundation Repair, based in Carrollton, TX, is proud to announce that they have received a number of new rave reviews from happy clients. The reviews have been posted on the company's Google maps page, which they have only recently launched. This page also shows where to find GL Hunt and the area that they cover.

Gary Hunt, owner and founder of G.L. Hunt Foundation Repair, says: "We are always happy to hear from our clients, particularly if they want to thank us for a job well done. It gives us an opportunity to see what we did well and where we could potentially improve on what we offer. We really want to thank our customers for their continued trust and support and for their kind words."

The first of the new reviews was left by Terry S., who says: "We used GL Hunt for foundation repair in Carrollton. Ours was to fix our slab, not pier and beam. They were quick and helpful. Would recommend to others." The second was left by Adrian B., who also explained that he needed help to fix slabs and was incredibly happy with the work that was done. What both reviews show is that the foundation repair company is dedicated to offering the best quality service at all times, regardless of what their customers need.

"Our focus is on foundation repair but we often have to think outside of the box to do this," explains Gary. "We have come across two neighboring properties where we had to fix the slabs, which were Terry and Adrian's properties. We're very happy to see that they were both happy with the completed work."

The Carrollton foundation repair company prides itself on being an integral part of the community as a whole. They offer all home owners free estimates for any work and focus on both foundation and structural repairs in the Carrollton area. As a family owned and operated company, they are committed to making sure that all their service offerings are as beneficial as possible to their customers, who are treated as if they are members of the family themselves.
