

Mount Prospect Orthodontic Clinic Hosts Ortho Day

April 23, 2018

April 23, 2018 - PRESSADVANTAGE -

Midwest Orthodontics Center, based in Mount Prospect, IL, has announced that they will be hosting an 'Ortho Day'. This free event is for people that are interested in straighter teeth for themselves or their children. They are invited to come visit the office, meet the orthodontists and staff, and learn more about the technology they use to create the perfect smile. Food, drinks, raffle prizes, and more will be provided.

Dr. Budi Kusnoto from the Mount Prospect orthodontics office says: "Having been in the forefront of orthodontic education in the United States for almost 20 years, and as senior orthodontic consultant of the Midwest Orthodontics and 1st Family Dental Group, I would like to welcome all of you to begin the journey to straight teeth and a beautiful smile."

The Ortho Day will take place on April 26th between 6pm and 8pm at 201 E. Kensington Rd. Mount Prospect, IL 60056. It will be an opportunity for people to meet the team and ask questions, learning what orthodontic treatment is all about in a relaxed and friendly environment. Dr. Al-Kharsa and Dr. Budi Kusnoto will both be in attendance and attendees will also be able to receive a free consultation. However, places are limited, so interested parties are encouraged to RSVP as soon as possible.

Vicky Khawaja from Midwest Orthodontics says: "Join us for a night of fun. Meet our orthodontic team, ask

questions about the treatments we provide, learn about the cutting edge technology we use and what makes us a leader in our industry and in the Chicagoland area. We'll have food, raffle and prizes, and much more. To ensure we have enough food and space for everyone, please RSVP today."

Midwest Orthodontics Center is located inside 1st Family Dental. They have locations all over Illinois, but the one in Mt. Prospect is their latest and most advanced one yet. Through this location, they offer braces, Invisalign treatment, Incognito Lingual braces, early orthodontic treatment, accelerated treatment, and retainers. Both orthodontists are committed to providing the best possible dental care to all of their patients, helping them to achieve the most beautiful smile regardless of their age. They look forward to seeing the community during the upcoming Ortho Day.
