Butler Law Firm, based in Houston, TX, is proud to announce that their attorney, Jim Butler, is one of just three attorneys in the nation that have been accredited by the DUIDLA as a specialist in DWI/DUI. He not only caters to clients on a personal level, but he is also with them every step of the way to ensure that the best outcome is achieved for their cases. He has been practicing law for over 25 years and is rightly known as one of the best in the country.

Jim Butler himself says: "I always make sure that I give my clients the best possible representation. Facing a DUI/DWI is a life-changing event and I want to help people minimize the impact on every element of their life as much as possible. One way in which I do that is by focusing on keeping my training up to date at all times, which is why I have worked very hard at obtaining the DUIDLA accreditation."

As a provider of a DUI attorney in Houston, TX, Butler Law Firm has worked with countless individuals on DUI and DWI cases. The firm always focuses on achieving the best possible outcome, while at all times remaining honest with their clients so that they have realistic expectations of what they are facing. This commitment has earned them a solid five star reputation. Maritsa L., for instance, says on the company's

Google Maps page: "This attorney is on point. He knows his stuff. Highly recommended. His assistant, Kristen, is also great. She always keeps you updated."

One of the reasons why Jim Butler was able to obtain the accreditation is because of his unwavering commitment to providing people with as much information as possible so that they can also educate themselves on what to expect. The firm, therefore, has a full section on their website dedicated to how to beat a DWI, where they write informative articles on various elements of such a charge. Jim Butler explains: "We want to make sure that people know exactly what they are facing and what we can do for them, thereby ensuring that they can get their lives back on track."
