Cruvina, providers of shatterproof plastic glasses, announces that their stemless wine glasses make drinking wine on boats fun and safe.

“There are many settings in which one can enjoy a good glass of wine,” says Cruvina Co-Founder Erin Moore. “One of my favorites is on my friend’s boat. We anchor at a quiet spot and watch the sun set on the Gulf of Mexico. It’s so calm and peaceful. And the perfect time to enjoy a good glass of wine.”

Boats are always in motion, whether they are moving through the water towards a destination, or bobbing on the waves when at anchor. This constant motion provides endless opportunities for glasses to tip over or get accidentally dropped. When real glass falls, it shatters. And shards on a boat are dangerous and inconvenient to clean up. Plastic cups are one shatterproof way to enjoy a drink on a boat. But these cups can be flimsy and still tip over. Cruvina’s plastic wine glasses are the aesthetic, fun and safe solution to enjoying a nice glass of wine on a boat.

Cruvina wine glasses are made from Tritan plastic, a high-quality, food-grade, BPA-free polymer made by Eastman. This plastic was specially developed to be:

- Shatterproof
- Scratch-resistant
- Odor-resistant
- Dishwasher-safe

The plastic wine glasses can be mistaken for real glass because they have the clarity and shine of real glass. The glasses are also designed with anti-tipping technology and a comfort spill-guard rim, so the risk of

mishaps or broken glass is reduced. Boaters who have bought Cruvina wine glasses are completely satisfied. Here is what one customer had to say:

?I bought these glasses because I was tired of my wife breaking wine glasses on our boat or outside. These glasses are the perfect solution. They look great and have remained clear through countless washes. They don't break! No broken glass to clean up. As an added bonus I found that they work great for other cocktails and for glasses of Scotch. They showed up in reasonable packaging and have lived up to all expectations I had from the Amazon description. My wife and I are very satisfied with this purchase and will purchase them again if that ever becomes necessary.?

The Cruvina Wine Glass Set consists of four 13-ounce stemless wine glasses. It is available on Amazon for \$24.97 and comes with a 30-day money-back guarantee.
