April 23, 2018 -

Miami, Florida - April 25th is national Hug a Plumber day and Miami Rooter, a Miami plumbing company, will be celebrating everything that plumbers do for home and business owners alike. Plumbers are the unsung heroes of our society and deserve all of the recognition and praise they can get. Hug a Plumber day is especially easy to celebrate and does not necessarily mean you have to actually hug a plumber. All you have to do is show extra appreciation for your hardworking plumbing professionals and maybe go out of your way to truly show your gratification.

Scott Ward from Miami Rooter says: "Being a licensed plumber is no easy task. It takes years of training and experience to truly become an expert. National Hug a Plumber Day is a great way to show appreciation for the hardworking men and women who work day and night to improve our lives.?

Scott Ward continues: "April 25th is a very special day for us. We use this day to remind the public just how important plumbers are to society. We hope that everyone will use this day to truly appreciate the plumbing professionals from around the globe.?
