Haddonfield Award Program Honors the Achievement.

HADDONFIELD April 17, 2018 -- South Jersey SEO by CyberGnarus LLC has been selected for the 2018 Best of Haddonfield Award in the Internet Marketing Services category by the Haddonfield Award Program. The agency remains in the Hall of Fame, having won this award for six consecutive years.

Each year, the Haddonfield Award Program identifies companies that we believe have achieved exceptional marketing success in their local community and business category. These are local companies that enhance the positive image of small business through service to their customers and our community. These exceptional companies help make the Haddonfield area a great place to live, work and play.

Carol Harkins, President of SJSEO, accepted the award for her company. "I could not be more pleased. Helping other businesses succeed is our mission, and being recognized for doing so is very rewarding," she remarks. "There are so many companies out there that claim to do SEO, but have no understanding of how to actually accomplish it. We are proud to be able to provide our clients with real results," she adds.

Various sources of information were gathered and analyzed to choose the winners in each category. The 2018 Haddonfield Award Program focuses on quality, not quantity. Winners are determined based on the information gathered both internally by the Haddonfield Award Program and data provided by third parties.
