

MN Painting Contractor Expands Service Territory Into Minneapolis Suburbs

April 30, 2018

April 30, 2018 - PRESSADVANTAGE -

Varsity Painters - Minneapolis Painting Contractors are proud to announce that they have expanded their service territory. They now also cover the various Minneapolis suburbs. These cities include Plymouth, Golden Valley, Minnetonka, Edina, Wayzata, Eden Prairie, and Bloomington.

Steve Melander from Varsity Painters says: "We offer painting services for all types of sidings. One of our experienced painting contractors will conduct your project evaluation himself, providing information, color consultation, and helping you to decide the best way to maximize your budget and enhance your home. We are very happy to be able to offer these services to the suburbs of Minneapolis as well."

Varsity Painters is known as one of the best painting contractors in Minneapolis. They are known for their respectful, professional, uniformed staff who work hard at ensuring that properties are left clean at all times. Their paint crews' work is so good, in fact, that the company guarantees their work and will always come back if there is any problem. This dedication to customer service and pride in their work is something that many customers have picked up on.

Christie G., for instance, says on the company's Google Maps page: "Joe and his crew are wonderful. They have painted my house twice now and both times have gone above and beyond. I highly recommend them."

Varsity Painters has a set procedure that they follow in order to always deliver the best quality work. They effectively enter a partnership with each of their clients, working together on completing the project to satisfaction. Work starts with an evaluation of the site, which helps to determine the needs of the property. Steve Melander continues: "After everybody knows what is really needed, we help you choose colors, provide a firm quote rather than an unreliable estimate, and get the job done quickly and professionally."

Anyone in Minneapolis or surrounding areas is encouraged to contact the Varsity Painter - Home Painting for all their exterior painting needs. They offer their services for both residential and commercial properties, with both types of properties enjoying the same professionalism and guarantee. A portfolio of completed work has been included on the company's website for people to see.
