

New Blog by Dr. Kappel Explains How Botox Can Benefit One's Upper Face

April 24, 2018

April 24, 2018 - PRESSADVANTAGE -

Newport Beach, California - Many patients come to the offices of Dr. Stefani T. Kappel seeking to look better and increase their self-esteem. Dr. Kappel is aware of this so she wanted to offer her patients tips on how Botox can rejuvenate their upper face.

Dr. Kappel notes that Botox is most effective on lines that develop on the forehead, the brow, and around the eyes. She explains what happens during a treatment and how long it takes to see results. The post offers additional tips that one should keep in mind when preparing for Botox treatment.

In her blog at www.stefanikappelmd.com, Dr. Kappel seeks to provide professional advice concerning common cosmetic procedures. She wants her blog to be a place where people can go to find expert information regarding many of the most common dermatological and cosmetic procedures. Realizing there is a lot of incorrect information circulating on the internet, Dr. Kappel has chosen to share her knowledge with readers using this platform.

Dr. Kappel offers a variety of cosmetic procedures from facial rejuvenation and Botox to lip injections in

Newport Beach. For more information about skincare and cosmetic surgery in Newport Beach, or to set up a consultation or schedule an appointment, call (949)239-0494.
