Igo Enterprises Launches Portable Lap Top Table

May 22, 2018

May 22, 2018 - PRESSADVANTAGE -

Igo Enterprises LLC, a business in Norwood, MA, is proud to announce the launch of their latest product, which is a portable lap top table. While the table has only recently been launched, it has already attracted a lot of positive attention. This is mainly due to the features that distinguishes this lap top table apart from others on the market.

Kerry Igo, owner and founder of Igo Enterprises LLC, says: "Our portable laptop table allows you to work anywhere. Whether you want to be more comfortable in your standard workspace or whether you require a standup computer desk, the adjustable height and tilt of our laptop table makes it all possible. It also comes with a quiet cooling fan, is very lightweight, and comes with a bonus case. It really is all you will ever need."

The company aims to develop products that increase people's productivity, leaving them with more time to enjoy life. Hence, the portable lap top table has been designed to be lightweight and slim, so that it can be taken anywhere without getting in the way. By increasing their comfort, people can also get more work done in less time. Kerry Igo explains: "Because the table can be adjusted in both height and angle, it isn't a one size fits all solution. Whether you're sitting or standing and whether you're tall or short, you can find the perfect position for your particular needs. There will be no more stiffness, backaches, or wrist fatigue."

The portable lap top table has also been designed to make it much easier for people to be always organized. It has space for a cellphone, a pen holder, a mouse, or a notepad. In addition, the USB operated cooling fan ensures that, even if the laptop is used for hours, it will not overheat. It is a highly versatile device that is perfect for remote workers, students, and more. Kerry says: "You can even use it as a table to read books, play cards, or eat your breakfast. The table is so versatile, you can do anything you want with it and always be comfortable. We guarantee that you'll love it."
