San Antonio TX: Top San Antonio Realtor® and Real Estate Muses owner Melissa Wiggins and her clients have been chosen to be filmed on ?House Hunters.? The HGTV series helps potential home buyers have a better understanding of the entire home buying process, where each episode follows a prospective buyer and an agent as they go through the adventure of homebuying together.

Having been in the real estate business for 12 years, Melissa is one of the most trusted Realtors in San Antonio today. As a professional real estate agent, she makes it a point to constantly learn about the industry so she can be of better service to her clients. Since entering the business of helping home buyers and sellers, she has earned several certifications in real estate, making her a Certified Military Relocation Specialist, Certified Relocation Specialist, Accredited Buyer Representative, Senior Real Estate Specialist, and Accredited Luxury Home Specialist all at the same time.

Just last month, Melissa launched her new website to offer prospective clients plenty of resources for San

Antonio Military Relocation Services, including the PCS Checklist and some PCS Moving to Joint Base Tips. While Melissa is experienced in almost all the aspects of real estate, she and her team specialize in providing exceptional relocation assistance packages to military members who go through a San Antonio Military relocation.

A daughter of a military man herself, Melissa understands how hard it is for military members to move with their families in tow across the country. This is what particularly influenced her to make Military Relocation one of the focuses of her real estate company. Because she understands the tiniest details of military transfers, she wants to help military members find new homes for their families as smoothly and as stress-free as possible. "I have always wanted to serve the military in a big way since I appreciate so much all the military has done for my family through my dad and his friends in the military. This is what led me eventually on my path to help military families relocate to San Antonio," she said.

Melissa Doug Bonar, one of Melissa's previous clients, said in her review, "Melissa went above and beyond what we ever expected while selling our home. We live in another state, and with her help, it was like we were right there. Melissa had extremely timely communication and was very knowledgeable about the market to help us not only price our house right, but get it sold quickly? The process was flawless and so smooth because of her professionalism and hard work." Another satisfied client also said, "We were very happy to have Melissa helping us find our first home. She was very knowledgeable about the neighborhoods that we were interested in and help us find the perfect home? We would highly recommend Melissa for any searching for a home in the San Antonio area."

Melissa graduated from Saint Mary's Hall with a B.A. degree in Spanish and Political Science/ Economics Interdisciplinary Studies. After gaining some interest in the world of real estate, she decided to get her real estate license in 2006 and open up her own brokerage, the Real Estate Muses.
