May 22, 2018 - PRESSADVANTAGE -

San Antonio TX: Real Estate Muses Owner and Top Realtor® Melissa Wiggins is now providing a Permanent Change of Station (PCS) Checklist to military members who are moving to San Antonio. This comprehensive checklist is just one of the many resources that Real Estate Muses makes available to military members as part of their San Antonio Military Relocation services.

Melissa understands how taxing a PCS can be. PCS, or Permanent Change of Station refers to a move between one duty station to another and specifically applies to transfers that are more than 50 miles away from the old duty station. This move requires a lot of work, planning and organization and can be very demanding since a military member has to be able to find a home for his family months prior to the transfer.

Recently, Melissa has taken strides to serve their clients better with the launch of the SanAntonioMilitaryRelocation.com website, which aims to assist moving military members in locating homes that are within their budget. This website is where military members can download the PCS checklist, along

with many other resources that they can use to prepare themselves for their move. The checklist makes a PCS less of a hassle as it breaks down into weekly to-do lists all the tasks that military members need to do months prior to the move, on the day of the move and after the move. Its primary purpose is to give them a head start on what to expect during and after the transfer, as well as who to get in touch with throughout the process.

As an experienced Realtor®, Melissa knows all the special requirements that military families need to relocate to San Antonio. Her goal is to alleviate their stress by guiding them through the process and offering them an exceptional relocation assistance package that will make their transfer go smoothly. True enough, her website does not only provide free PCS checklists for military members but also tips for creating a successful military relocation.

Her appreciation for everything that the military has done for her and her family has instilled in her a strong desire to serve the military someday in any way she can. This is what eventually led her on her path to help military families relocate to San Antonio and take care of their real estate needs.

Michael Moreno, one of Melissa's previous clients who utilized Real Estate Muses' San Antonio Military Relocation Services, wrote in his review, "She exceeded all my expectations adjusting to my ever changing requirements. Once I settled on a home, that's when I learned what an expert Melissa is in her field. Melissa meticulously handled all details, and closed within 14 days. Working for the military, I have made many major moves throughout my career. I have used many real estate agents and have never received such professional service. Although I didn't purchase a million dollar home, she treated me as if I did."
