Affordable Craftsmen General Contractors Marietta Ga Service Expansion Begins

July 01, 2015

July 01, 2015 -

Atlanta based company, Affordable Craftsman general contractor Marietta GA, has announced that their services are now available within a 20 mile radius of areas such as Sandy Springs, Smyrna, Acworth, Roswell, North Atlanta, and more. The company is known for their contracting work, which provides both residential and commercial construction and remodeling to individuals and businesses that reside in Georgia. They have said the following regarding their work within Marietta:

"Marietta has been a great place to be an affordable, high quality residential and commercial general contractor. Although we're growing fast, we still stand committed to becoming a better general contractor in Marietta, Ga each and every year."

As general contractors Marietta GA, Affordable Craftsmen have made it clear that they are proud of the community they serve, and that by branching out to serve even more local townships, they hope to earn more loyal clients, and show the rest of Georgia just how excellent their quality of work can be. The company has worked on remodeling projects as large as $500,000, as well as smaller bathroom remodels for close to $3,000. They believe that this vast range in pricing makes them more appealing to individuals and

businesses from every background. They have said the following regarding smaller projects at lower costs, which clients may be nervous about bidding on:

"Don't hesitate to call us to bid on those projects either. Heck, we're also Marietta garage builders, occasionally doing outbuildings and barns if you need one as well."

One of the characteristics of General Contractors in Atlanta Ga, which the company believes helps in their success is the fact that a general contractor can work on so many different job types. From building a brand new house to completing a home maintenance project or extending a commercial building, the staff at Affordable Craftsman is reportedly willing to help their customers resolve just about any construction or repair issue that arises. They offer customizable options that fit many styles and budgets, and promote their work as being top quality, no matter how small or large the task. The passion that they have for their line of work is reflected in the satisfied testimonials and reviews left by previous and current clients. One such review, left on the company's website explains:

"In the Fall, I contracted Gary McCormick to finish out the garage and basement in my home. The price was fair, the work was completed when promised and the quality of the work was excellent. But most of all, Gary was professional and a pleasure to have working in my house."

Affordable Craftsman General Contractors encourage all those who may be interested in learning more about their business, the services offered, or about the new locations which they serve, to contact them by telephone, e-mail, or social media. They invite all potential and current customers to follow them online through their website, company newsletter, and there page on Facebook.com for interesting blog updates, upcoming promotions, photos and videos, and other helpful information.
