A Fedex shipping Pensacola FL business, Pack & Ship Business Center Creighton, is proud to announce that they have recently launched their Facebook page. This page is designed to enable customers to ask questions and to be kept up-to-date with company and Fedex news and developments. Additionally, it offers an extra direct contact method.

Thomas Armstrong, representative of Pack & Ship Business Center Creighton, says: "We felt it was time to launch our Facebook page to have better direct communication with our clients. We are highly responsive to our messages and will be happy to answer any questions you may have. We're very pleased to see that the page has already attracted a significant amount of followers who are highly engaged with us."

As part of the social media campaign, the Pensacola post office service provider has shared a number of images of their staff at work and the services that they deliver. They recently used the Facebook page to announce that they are Love Pop card dealers and they have also shared information on the new postal price increases as instated by the U.S. Postal Service and their response to that. Furthermore, the page has been used by numerous clients who wished to review the service that they have received.

Stephanie P., for instance, says: "Every time I go in, I have an excellent experience. Each staff member that I have ever met with have gone above and beyond to be sure that my packages are secure and that I get the best deal that I can." Furthermore, most customers have a friendly word to say about Thomas "Tommy" Armstrong himself. He says: "I am humbled by how much our customers appreciate what we do and thank them from the bottom of my heart for all their kind words. We want to set ourselves apart as an integral part of the Pensacola community, rather than simply yet another business and it is fantastic to see that we are achieving that."
