June 20, 2018 - PRESSADVANTAGE -

Aswell Trophy, an Awards Oxnard, CA business, is proud to announce that they have launched a new line of acrylic awards. This new kind of awards extends their already large collection of acrylics and other types of awards and plaques. The company is fully committed to ensuring that their inventory is always relevant, modern, and up-to-date and they are particularly pleased with how this new line of products has turned out.

Trevor Ashton, spokesperson for Aswell Trophy, says: "We have added quite a number of new acrylic awards and we believe these are our best ones yet. If you want to celebrate an individual or an achievement, these awards are the ones to go for."

The new line of awards includes the 3-D Carved Rising Star, the Acrylic Apple Cutout, the Acrylic Block with Diamond Cut Accent, which is available in blue and gold, the horizontal Acrylic Block with Scallop Edge, the Acrylic Emerald and Black Diamond in Wrought Iron Base, the Acrylic Hexagon Tower, and the Acrylic Marble Climb White Marble Pattern and Black. This joins the already extensive list of other acrylic plaques and awards that the company already stocks.

"Acrylic is a very popular material for awards and plaques," explains Trevor Ashton. "It is a durable material that has an almost crystalline look to it, which makes it appear highly luxurious and expensive. It is the perfect material to celebrate someone's achievement or special purpose in life."

Besides offering the new acrylic awards, the company also delivers some of the best services for engraving Oxnard, CA businesses can depend on. In fact, people from all over the area and beyond will regularly come to Aswell Trophy for their engraving needs. Trevor Ashton continues: "Our engraving service is second to none. We ensure that all our operatives who perform the engraving are fully trained so that you know that the end result will be exactly what you have asked for."
