

Roof Leak Repair Service in Pflugerville TX Earned Five Star Review

July 06, 2018

July 06, 2018 - PRESSADVANTAGE -

Aurum Roofing, a Pflugerville roofing company, is pleased to announce they received another glowing review from a happy client on their Google local listing profile in Pflugerville, TX. The review highlights how happy this customer was with the service they have received. Aurum wants to express their gratitude to customers for their kind words.

Jose Valdez, owner and founder of Aurum Roofing, says: "We love it when we hear from our customers. Our goal is to provide the best in price, materials, and workmanship as if we were doing this for ourselves. I'm a second generation roofer so I've seen a few things and been working on roofs for most of my life. I strive to provide the very best in customer service for all our customers."

In the review, a recent customer Ross explains his problem and how Valdez approached the issue which helped him determine which Pflugerville roofer he was going to hire to complete the roof repair he needed.

"I had a leak in my master bedroom. I called out 4 roofers including my insurance adjuster. Jose from Aurum was the only person to do a full inspection, get all the way in my attic, and find the root cause. Everyone else

just guessed at where the leak was coming from. Jose was very professional and did not try to over-sell. He documented every step of the process. I could not get over how much more reasonable his price was along with how much more honest he was. I would recommend Jose and Aurum to anyone!"

Jose Valdez continued, "At Aurum Roofing, we know how frustrating it can be dealing with a damaged roof. Whether someone is experiencing issues at home, or at their business, we want them to know that we have them covered when it comes to any roof repairs they need! We are trained, insured and bonded roof experts, available to help them when they call. We are prompt to respond and will help guide our clients through the entire repair process so they know what to expect before any repair work is performed."

In addition to traditional roof repairs, they also offer emergency roof repair in and throughout the Austin ? Round Rock Metro area.

Jose Valdez wants to encourage homeowners in the Pflugerville, Austin and Round Rock areas to contact them should they have any concerns about their roofs.
