

# **Contractor Insurance NY Company, Cameron Group Offers A Generous Hand To Suffern Little League**

*June 24, 2015*

June 24, 2015 - PRESSADVANTAGE -

Cameron Group, one of New York's most respected insurance agencies for liability insurance programs has recently made a \$500.00 donation to Suffern Little League in order to assist the youth of the Ramapo community. A spokeswoman for the company says: "We hope that it will go a long way in helping young students develop discipline, teamwork , physical well being and improve their performance on the field as well as off the field."

Brian Cameron, president of the Cameron Group and founder of NY-ContractorInsurance.com explains:" We believe its important to give back to the community."

"I think what Mr. Cameron and other like-minded philanthropists are doing to help the students become better in baseball is good", says a teacher from Ramapo Central. "We know that our youth programs are designed to develop superior citizens rather than superior athletes.

Cameron agrees. "We understand how difficult it is to execute a strategy without the needed financial resources to back up your actions. It's like having insurance; you are at your most secure and peaceful self when you know that you are insured against whatever life happens to throw your way."

NY-ContractorInsurance.com handles business auto insurance and Worker's compensation. Its Contractor Program is an agency exclusive program, and it helps contractors get discounts that amount to hundreds, or sometimes, thousands of dollars in savings. They also provide insurance policy review, recommendations, risk management and premium financing.

K. Glass of Cherry Valley Builders says: "I was unable to get insurance with my previous agent, so I called Cameron Group and obtained coverage immediately for my construction business. Thanks!"

The agency's goal is to completely satisfy their clients from start to finish. It makes sure that all company policies go with an agent, and spends time and money when training its personnel. The company provides

competitive premiums, and gives helpful advice to clients on a wide range of insurance and financial issues.
