Virginia Beach, VA based company, Dancing Pet Natural Pet Products, has just added a brand new product to their successful lineup, which can be seen at http://dancingpetnaturalgal.tumblr.com/ Their new natural pet shampoo + conditioner in one is toxic chemical free, and made to help balance the pH levels of pets' skin. The new shampoo is designed to moisturize without irritating skin, and one use lasts up to a week, which the company believes to be very good in comparison to competitor brands which only last a few days. One satisfied customer said: "This is a great pet shampoo called Dancing Pet Best Groomer's Pet Shampoo from LFX Global. It is a natural product which I really search for when I buy products for my pets. It's actually good for cats, dogs and also horses. I tried it on both my dogs and our horses. It has a nice smell and a good lather, but what I really liked was the way my dog's coat felt after being bathed."

Something that Dancing Pet Natural Pet Products has noted on their website is that many pet owners try to use their own shampoo on animals. While the act is obviously meant to be nurturing, they warn that this can dry out pet's skin, as human shampoo is not meant to be used on dogs and cats. It can irritate their skin, remove moisture, upset the pH balance and dull their coat. This, and other information regarding the best practice for pet washing and care, can be viewed on the company's social media account here at

http://facebook.com/dancingpetnaturals. Dancing Pet Natural Pet Products uses this platform to introduce articles, photos, and interesting videos to help dog and cat owners provide their beloved animals with the best possible care. They explain: "Our pets are important to us. We want to do what's best for them. And we are sure you feel the same way. That's why we've gone natural in our search to bring you the best, safest, and most effective solutions that even your dog or cat will love! Over the years we've tended to our personal health through healthy, natural alternatives. We've also realized there was a big gap in healthy, safe and effective products for our Best Furry Friends."

Another product which Dancing Pet Natural Pet Products is becoming known for is their Pet Ear Wash formula, which can be used on cats, dogs, and even horses.
