

Large Dog Beds Included In New Amazon Mobile Shopping Feature

August 13, 2018

August 13, 2018 -

Amazon has recently added a new mobile shopping feature, which is available by invitation only. This is a mobile autoplay video where the best products are asked to participate in. Friends Forever Pets, a business in Fremont, CA, is proud to announce that their dog bed with suede cover and human grade memory foam base has been chosen to be included in this feature. Friends Forever would like to point out that their product was likely chosen to be included in the new Amazon feature because after almost 800 reviews, as shown on <https://www.amazon.com/Friends-Forever-Orthopedic-Removable-Memory-Foam/dp/B01EMBB5V0>, the product continues to rank as a 4.7 star item and has also earned the Amazon's Choice badge.

Richard Xu from Friends Forever Pets says: "We are very proud to have been recognized by Amazon and be included in their latest mobile shopping feature. The autoplay video is currently only available on mobile and for a very select number of sellers. We are happy to be able to help with the development of the world's favorite shopping site and are also happy to see that our customers appreciate the feature as well."

The Friends Forever dog bed is an orthopedic lounge sofa. It comes with a removable cover that is made of 100% suede. It also features a 4" memory foam mattress. This dog bed is also available in other sizes, including small and extra large. Additionally, it is available in pewter and in cocoa. The bed has been designed with all the care in the world to ensure that the dog is fully comfortable. A luxurious bed for dogs, it ensures that the pet dog is able to sleep comfortably through the night thanks to the cushioned plush bolster with poly fill.

This attention to comfort means the bed is particularly suitable for dogs that are starting to suffer from arthritis and pain. This has not gone unnoticed by the many customers who have purchased it in the hopes of encouraging their older dogs to sleep through the night again. "We have two dogs and a lot of dog beds. I was looking for something supportive for my older dog. This bed purchase has been the best so far. Easy to put together right out of the box; the bolster is already zippered in and the mattress, once unsealed and expanded, fits easily into its cover and zips in to the bottom portion. So far it has been easy to vacuum and clean. The bed is light and easily movable..." says an Amazon customer.

The dog bed also features a water resistant liner and the memory foam is human grade. It has been third party tested to ensure that it is durable even when used by larger dogs. The bed measures 36" by 28" by 9", giving smaller pets a huge clearance. It can also comfortably fit a dog of up to 75lbs, which is a larger breed. Thanks to the orthopedic memory foam, the bed supports the bones, hips, and head.

Because of the bed's durability and comfort, it has not just caught the attention of dog owners with large, old dogs, but also those with puppies. "I have 2 (5 1/2 month old) German Shepherd puppies (brothers) and replaced their training beds with these beautiful Friends Forever beds. The large size is big enough for both puppies. But, I ordered a bed for each puppy as they will definitely need their own beds as they keep growing. The beds are perfect; roomy, deep, soft, comfortable, and I absolutely love the pewter color. The puppies love to lay their heads on the headrest and just stretch out and go right to sleep..." says an Amazon customer.

On the new Amazon feature, which is accessible through https://www.amazon.com/s/ref=nb_sb_noss_1?url=search-alias%3Daps&field-keywords=large+dog+beds for mobile users, the Friends Forever dog bed is featured alongside other large dog beds. It sets itself apart by being one of the easiest to clean thanks to the durable yet soft removable cover that is fully machine washable despite being made of suede. It is fitted with YKK pure metal zippers and an anti-tear, fur and hair resistant fabric. The non-slip, non-skid bottom also ensures that the dog is always safe when getting into and out of bed.

Friends Forever Pets fully stands by the quality of their products. Richard Xu says: "We offer a one year limited warranty and 100% satisfaction guarantee. If there is anything you or your dog isn't perfectly happy about, then please do get in touch. And let us know how you have enjoyed the new mobile shopping feature."
