Carrollton TX Foundation Repair Company Receives Positive Reviews

August 13, 2018

August 13, 2018 -

GL Hunt Foundation Repair and Gary Hunt are pleased to announce that the Carrollton location of the company has a positive record with its customers. They have posted reviews which can be seen on the website. When the foundation repair company receives positive reviews, it is happy to let other prospective customers know about them. All of the information is available in the public venue, so that potential clients are fully educated about the project.

Ronnie Zuniga explained in his review, "I thought their service was pretty much as advertised. You could tell they've been doing this for a while. Price sucks (like all major home repairs), but we used their financing so that made it easier. Their warranty seems pretty generous too- hope I don't need to use it."

View all Google Maps customer reviews for GL Hunt Foundation Repair Carrollton here: https://goo.gl/9L2TnX.

Information about the financing and warranty is also available on the company website. Because the company wants to ensure that each customer is satisfied with the work, each project begins with a thorough

assessment of the damages followed by a determination of the actions which are required to bring the structure into proper alignment.

Location and service information is available via Google: https://goo.gl/maps/dihrkzWy85U2.

After his project was completed, Michael Royster posted the following review, "Nice salesman, easy process, and decent financing options. We had a good experience, best foundation repair company in Carrollton I think."

In addition to working with the customers before the scope of the project is determined, GL Hunt also maintains appropriate communication throughout the entire repair process. The team of professionals also clean up the work area at the end of the project.
