Grand Prairie TX Foundation Repair Company Receives Positive Reviews

August 13, 2018

August 13, 2018 - PRESSADVANTAGE -

Texas Foundation Pros are pleased to announce that they are in favor by their customers who post their testimonials on the website. The reviews posted by clients in the Grand Prairie, Texas area are five-star testimonials about the quality of the service which they received on their projects. Every part of the project, from original assessment to final clean-up is focused on providing the customer with the best experience. The foundation repair company receives positive reviews on a regular basis because it focuses on quality.

Sometimes, foundations settle and shift. When this happens the concrete cracks, and foundation repair is typically needed. Common causes of damage to foundations include fill soils which become compressed, fill soils which aren't compacted properly, improper maintenance in areas surrounding foundations and construction on clay surfaces which expand over time. In North Texas, this is especially common.

Customer Anthony Meagan posted a review of his repair experience, "We called and the receptionist was just the sweetest thing. The salesman who came out to give a quote was great too. They made our foundation repair a lot easier." The customer rated the entire transaction with a 5-star rank.

More information about Texas Foundation Pros locations and service areas are here:

Warren Gibbs is another customer of the Grand Prairie location repair firm. He said, "I talked to all my friends and co-workers about their experiences with repairing their foundation and was scared of what I was getting into. They made it easy and painless, best foundation company I have heard about."

When customers reach out to the company, they are provided with a free estimate. TFP offers a host of practical payment options and discuss the excellent warranty options. All of the bases are covered, because the happiness is the top priority.
