

Pool Services Company In NJ Expands Operations To Include Monmouth And Ocean County

August 23, 2018

August 23, 2018 - PRESSADVANTAGE -

Clear Water Pool Services LLC. is proud to announce that they are now capable of servicing all of Monmouth and Ocean County. The company is committed to providing New Jersey with the best swimming pool services throughout the entire pool season. They are focused on becoming the best pool service company in the area and residents of Monmouth and Ocean County are therefore excited about the possibility of accessing their pool services.

Ken Massa, founder, and owner of Clear Water Pool Services LLC. says: "We have worked with a number of customers and add new ones every year. Each customer is our number one priority and we offer them advice, information, and guidance to get the most out of their pools. We recommend that people have a quick look under their pool covers to see whether everything is functioning the way it should be and to give us a call if they have any concerns at all during the winter season."

The business is committed to making sure that customers receive the best service at the best possible price. They regularly have deals and offers available to allow people to enjoy the pool season and these are all listed on the company's Twitter page at <https://twitter.com/poolservicesnj>. This social media page is also used

to provide important news updates and other information that can affect pool ownership.

Clear Water Pool Services LLC is a family owned business from New Jersey. They take their work seriously and therefore only hire fully qualified staff. Ken Massa says: "We appreciate your business and look forward to working with you today, tomorrow and for years to come."

This commitment to quality and excellence is something that has stood out for NJ residents who have come to know and trust the business with all their pool needs. Indeed, they are considered to be a top rated business and classed as the best in New Jersey. This is evident from the numerous positive reviews that the company has received. Harlin S., for instance, says on the company's website: "Ken was closing my pool and my partner that lives in Brooklyn calls me about his pool having a leak. He got right on it and sent one of his guys to Brooklyn the same day and fixed his problem right away. My partner was ecstatic. Clear Water Pool Services LLC. has done right, opening and closing my pool for the last 3 years."

There are numerous pool services in the New Jersey area as can be seen from <http://bit.ly/Clear-Water-Pool-Services-LLC>. However, none appear to be as committed and respected as Clear Water Pool Services. Ken explains: "We aim to be as committed to you as possible throughout your experience. Even when the unexpected arrives, we will be there to assist you in your time of need as your #1 New Jersey pool service provider."

One of the things that stand out for customers is that the business truly places each of them as the top priority. They are ready to assist at a moment's notice with any problem that can occur in pools, while also offering regular services to help prevent problems from occurring in the first place. They are highly knowledgeable and thorough in everything that they do, which is something that Anthony P. has commented about on the company's website. He says, "About two months ago we went to close our pool but found out our ten-year-old safety cover was torn. I contacted Ken at Clear Water Pool Services LLC. They came out and picked up our old torn cover. Pool closing season was long over, but Ken fixed an issue with our pump and sand filter that he identified. Big thanks to Ken and Clear Water Pool Services. We couldn't be happier."

Clear Water Pool Services LLC. is located in New Egypt, NJ. The emphasis of their work is on having the right knowledge and experience to do the job. Residents of Monmouth and Ocean County will be safe in the knowledge that all staff members are state and industry certified individuals. In addition, all staff members are retrained annually so that their knowledge and experience can continue to improve as well. Training is offered for swimming pools, hot tubs, gas models, electric models, and more. This is just one of the many reasons why the business is recognized as the best swimming pool company in central New Jersey. Ken says: "We guarantee that we will provide you with exceptional service, ensuring every homeowner is our #1 priority."
