

Eve Hansen Beauty Announces Large Size USDA Organic Eucalyptus Oil

June 26, 2015

June 26, 2015 - PRESSADVANTAGE -

Eve Hansen Beauty, a health and beauty business based in Sarasota, FL, is happy to announce that they have released a popular organic eucalyptus oil in a larger sized 4 oz bottle. Rather than containing just 1 or 2 oz as competing brands, this bottle contains 4 oz of oil. It still has the same natural and premium ingredients, as well as the easy to use dropper. To celebrate this release, the company is offering the oil with a 52% discount, meaning that it costs just \$23.95 instead of the usual \$49.95. It is hoped that this will encourage returning customers to stock up on their supplies, as well as attract new customers.

"We offer the only 4oz USDA certified organic eucalyptus oil on Amazon", says Rose Hansen from Eve Hansen Beauty. "Most businesses create tiny little bottles and while these may be high quality products, there simply isn't enough to go by. Our 4 oz bottle contains enough oil to last for a long time. As a way to say thank you to those who suggested we make a bigger bottle, we have released it at a significant discount for a limited time only."

The oil is 100% certified organic and pure. It is a popular natural remedy that is often used by people who have some sort of respiratory problem. This can include a cough, cold, sore throat, running nose, bronchitis,

asthma and so on. Furthermore, it can be used to treat cuts, burns and wounds. Additionally, new scientific research has shown it to help with mental sluggishness, remove exhaustion and generally rejuvenate the spirit.

Since first having been released, the eucalyptus oil has received numerous positive reviews. "I use Eucalyptus oil in my diffuser to help control my granddaughter's asthma and help her sleep better at night", says Sara Ellis. "I also find it helps ease the swelling in my joints from arthritis when I soak in the tub with some drops added. It sure smells pleasant as well, and it makes for a wonderful way to relax before bed!"

Eucalyptus oil can be used in a variety of different ways. Some people have noticed that it is quite a harsh oil, which is why it should be slightly diluted if applied directly to the skin. However, it has been used very commonly in household cleaning products, oil diffusers, tonics, baths, disinfectants and more. It is also recommended that people visit the Eve Hansen storefront at Amazon.com in order to receive hints and tips on how to best use the oil. Furthermore, they will also be able to see whether are any other special offers available at any time.
