August 22, 2018

August 22, 2018 - PRESSADVANTAGE -

Centennial, CO ? Centennial based Renew Anchored Dentures is partnering with 9News (TEGNA) to do something special for a US Veteran suffering with his teeth. 9News teamed up with Renew to offer a spot on a prime-time giveaway edition of Colorado and Company to give one deserving local resident a beautiful new implant anchored smile.

Renew is excited to announce that military Veteran Tom Shaw is the winner. Holly Nielsen, Chief Marketing Officer at Renew says, "Tom's story was inspiring. Everyone in the office who read Tom's nomination letter wanted to help." Renew was impressed by Tom's ability to persevere and excel despite facing major hardships in his life.

Tom was nominated by the family who adopted his son. Here is an excerpt from that emotional nomination:

"Tom suffered from PTSD and also had a traumatic brain injury from injuries received while on active military duty in Iraq. Tom soon realized that he was unable to raise his son due to his injuries and disability from his active military duty. With his parent's guidance, Tom decided to put his son up for adoption. We were grateful

to adopt Tom's son. We had been trying for years to have a child. Fast forward 11 years and we still have a very close relationship with Tom and grandparents. We spend holidays with them. I'm not really sure what happened to Tom's teeth, but they are really bad. Tom has had a very rough go of it, but he has pulled himself up and is doing so well now. He's getting married in September. It would make us SO happy if Tom was chosen for this amazing opportunity!"

9News will be following Tom Shaw's treatment at Renew including his upcoming wedding. 9News will air segments featuring Tom's story and his experience with Renew on upcoming episodes of Colorado and Company.
