

Plumber in Mobile Shares Common Summer Plumbing Issues

August 22, 2018

August 22, 2018 - PRESSADVANTAGE -

Mobile, AL. - All Clear Plumbing & Drain, a Mobile plumbing company, shares a couple of common plumbing issues that occur in the summer. No one wants to worry about their plumbing during a relaxing summer. Plumbing issues are a headache and can cost a lot of money.

Summers in the south are extremely hot. Because of the heat, plants and grass tend to dry up quickly and need constant watering. Many people have sprinklers in their yards to keep their plants and grass watered. Be sure when running a sprinkler that it is working properly and everything is good with the water lines because sprinklers are very costly to fix.

Russel Yeckley, owner of All Clear Plumbing & Drain says, "Pipe issues can go undiscovered for weeks before the signs of damage begin to show. It is imperative that once you do find a leak that you contact us so that we can get it taken care of quickly."

Another common plumbing issue that occurs in the summer is washing machine problems. People tend to do laundry more often in the summer because they are outdoors and their clothes get dirty quickly. If a washing

machine is making any strange or funny noises, it is best to call a plumber in Mobile to check it out. One way to avoid washing machine issues is to move it away from the wall to prevent the hose in the back from kinking.

?We care about our customers and don?t want them paying an unnecessary amount of money to fix something that could have been avoided,? says Russel Yeckley.

All Clear Plumbing & Drain services those in Mobile and its surrounding areas. Their licensed and experienced technicians are ready to repair and fix any plumbing needs. Call them at (251) 210-8308 or visit their website at <http://mobilealplumbers.com>.
