

La Costa Dental Office Receives Top Dentist Award For 2018

August 29, 2018

August 29, 2018 - PRESSADVANTAGE -

Solana Family Dental, a dental office in Solana Beach, CA, announces with pride that they have been given the Top Dentist in San Diego 2018 award. The Solana Beach Dentistry office has also been acknowledged to be a neighborhood favorite in two neighborhoods. They are a comprehensive dental service provider that uses ultramodern technology and best practices to provide patients with sustainable solutions.

Elan Weinstein, a representative for Solana Family Dental, says, "La Costa is part of Carlsbad, CA, and it is a luxury destination known for its historic Omni La Costa Resort and Spa. The area offers shopping, golf tournaments, beautiful beaches, and, on occasion, a celebrity visitor or two. Those seeking La Costa dental care are just a drive away ? about 10 miles from Solana Family Dental. We can't emphasize enough the importance of having a regular dental checkup."

The La Costa dental office offers three key things for every procedure carried out by the dentistry team: premium materials, the most dependable practices, and state of the art equipment. Some of the dental procedures that are provided are: family dentistry, Invisalign, cosmetic dentistry, periodontal disease treatment, cleaning and prevention, and restorations.

The dental office offers a family-friendly environment for infant, children and teenage patients. They offer cosmetic dentistry to upgrade the patient's smile using porcelain veneers, crowns, inlays and onlays, dental implants, and teeth whitening. They also offer a better alternative to traditional braces, which is Invisalign. Invisalign offers the benefit of being removable when people eat, drink, floss or brush. They also offer advanced treatments for periodontal disease as this can be extremely detrimental to a person's oral health. Regular dental exams and cleaning are also provided to prevent dental problems. And finally, the dental office provides comprehensive restoration services, such as dentures, composite fillings and fixed bridges.

The dental office also takes pride in the large number of positive reviews they have received from past patients. For instance, Alan says, "The perfect dental office. Dr. Sandler is phenomenal and her dental team is top notch. The front office is the most helpful and friendly team I have ever had. I am so glad our friend recommended Dr. Sandler's office." On Google, Diana P. says, "Excellent cleaning, x-rays, and consultation with dentist. The hygienist did a superb job and my teeth and gums felt terrific after the procedure. She was on time and very personable so the time flew by. I would give her my highest recommendation."

On Yelp, AJ says, "I have had high anxiety over going to the dentist. Well this company did everything and more to calm my nerves. They really listened and made sure I was comfortable with every procedure. The staff are all so kind and easy to work with. My teeth and gums are so much healthier since I've been in their care. They give you great suggestions for long term care at home. The owners are quite a joy to be around even while getting your teeth cleaned. (Which for many of us, joy and sitting in a dentist chair are two colliding thoughts) I could not recommend this dental company enough."

The dentists for Solana Family Dental are Dr. Michelle Sandler and Dr. Wanda Kauffman. They are a mother and a daughter who have partnered to provide the highest quality dental services to help people achieve that healthy smile. Dr. Sandler completed her doctorate in dental medicine at the University of Pennsylvania in 1987. Dr. Kauffman obtained her doctorate in dental medicine from Tufts University in 1983. They are affiliated with various academic and professional associations at the county, state, and national levels. Some of those organizations are the American Dental Association, San Diego County Dental Society, American Academy of Cosmetic Dentistry, and the California Dental Association.

Both dentists are married and with children. They are multilingual and have various interests, such as charitable work and a love for animals. For those who are looking for warmth and compassion in a Solana Beach dentist, and a place where they will be treated like a member of the family, this dental office is the place to go. Dr. Sandler and Dr. Kauffman have been practicing dentistry in Boston since graduation and they have been partners for the past 16 years that they have lived in the East Coast. It was only recently that they moved to San Diego where they have founded their new practice and committed to serve the needs of the residents of North County Coastal and its surrounding area.
