BenjySchwab.com and its owner Mr. Benjamin Schwab have once again been rated as one of the top real estate brokers in all of Palm Beach Gardens FL. Ben and his brokerage handle all types of residential, Bank Owned and Hedge Fund related type transactions in and around Palm Beach Gardens and the greater Palm Beach FL area.

For many years the real estate market in Palm Beach Gardens has been active by any measure. In recent times like with most markets the housing prices increased dramatically, then decreased just as quickly and have now risen yet again due to the perfect location and reputable community of the South Florida city. With these ups and downs comes great fortune and great challenges as real estate professionals have done their best to ride the rollercoaster of prices over the past decade.

Always the front runner, Ben Schwab has managed through the good times and the bad to thrive using his unique talents allowing him to wear many hats at the same time while not allowing the details to slip through the cracks.

"Real Estate is tough. It can bring you great rewards and major amounts of stress when things go wrong. The key is to always stay positive and ride out the storms because Palm Beach Gardens is always going to be a very desirable spot to live", says Schwab.

Mr. Schwab has been able to learn how to operate in any condition. When things are good he focuses on Residential transactions and puts his client's needs at before anything else which has helped him build a rock solid reputation for his professionalism and ability to get the deal done.

When conditions got worse he was able to become one of the areas top brokers helping major Wall Street hedge funds buy and sell properties through the banks and other sources. During this period Ben also learned how to handle wholesale real estate transactions which are a lesser known niche of the total real estate market but also a viable resource for any real estate professional willing to learn the trade and get involved.

"You have to take what the market gives you. If it's residential that's hot, you focus there. If it's Bank Owned properties you go there. If it's Hedge Funds and Wholesale you have to be able to be a jack of all trades if you want to stay ahead of the competition in this market?", says Schwab.

One thing is for sure, through all of the uncertainties Mr. Schwab has been able to stay at the top of the food chain here in the Palm Beach Gardens Real Estate Market. He's been trusted by his clients to provide top notch service. He is trusted by the Banks to handle the BPO's and he's trusted by the Billion Dollar Hedge Funds to help facilitate their transactions.

If you are looking to buy or sell a residential, commercial, bank owned or other type of property here in Palm Beach Gardens FL, Benjamin Schwab and his staff look to be one of your best options.
