

Plumbing Miami FL Service Provider Announces New Services

September 14, 2018

September 14, 2018 -

Miami Rooter in Miami, Florida, has recently announced that they are offering a host of new services for plumbing Miami FL homes and businesses can depend on. The company states that along with emergency and after hours services, they are now providing a number of residential and commercial plumbing services as well.

Scott Ward, a spokesperson for the plumbing company, says, "Whether you have a minor issue like a small leak under the kitchen sink or an emergency plumbing problem like a busted main line, we are here to assist those who are in the Miami area."

Ward states that the company offers plumbing solutions for commercial and residential plumbing needs that range from sewer line repairs to simple drain cleaning. The plumbers Miami FL residents can rely on are available around the clock, 24 hours a day and 7 days a week and provide flat rate fees on all of their plumbing jobs. Miami Rooter is a fully licensed and insured company.

Ward states that they can work on everything from drains to sewers, septic tanks, water lines, water heaters

and more. They also provide backflow prevention device testing and repairs and water treatment and purification services. The company states that customers in the Miami area who are interested or in need of plumbing services can contact the company for a free job estimate.

"As soon as we receive your call, we will put your solution into place," says Ward. "Our goal is to get to you as quickly as we can and immediately begin diagnosing your issues. We'll then get to solving that issue and making your plumbing problems a thing of the past."

Ward says that the company takes the time to explain to customers what the specific issue is, how long it will take to fix it and what the upfront cost will be. He says that they strive to always be completely upfront and honest with customers and never hit them with unexpected or unexplained costs. The company strives to also make all of their repairs permanent solutions to customers' plumbing issues so that no future repairs will be needed if possible. More on the specific range of services that the company offers can be seen at <https://miamirooter.com/>.

Miami Rooter has gained many positive customer reviews over the years from commercial as well as residential customers. Customers claim that the team goes out of their way to help solve plumbing issues and that all of the work that they do is extremely professional and thorough. One customer claims that the plumbing team came to his home and, "Installed my new kitchen sink in less than half an hour." The customer states that the team also seemed very professional yet friendly and exchanged jokes with him during the installation process.

"Our customers recommend us to their family and friends," says Ward. "We all know that word of mouth is the best possible advertising and we do go out of our way to ensure that our customers are completely satisfied with the jobs that we complete."

The company provides drain cleaning services to remove items that could be slowing down the drain performance, as well as bad odors that can be caused by clogged drains. Ward states that they do not charge overtime charges, even for middle of the night emergencies, and that their flat rates apply for every job that they do. In addition to removing clogs from bathroom or kitchen drains, Miami Rooter also provides drain cleaning services that will help to eliminate the risk of clogs. Drain cleaning is done with a diagnosis tool and can be done on garbage disposals as well as traditional drains. The company states that their emergency services are available at all hours of the day and night, on weekends and even on holidays. Ward says that they fully understand that plumbing emergencies do not just happen during regular working hours and that the company is available for commercial and residential emergency plumbing needs. He says that those experiencing a plumbing emergency can call the provided telephone number and the professional plumbing team will respond instantly.

Miami Rooter states that their main goal is customer satisfaction and that everything they do is done with their customer in mind. Those who are interested in learning more can visit the company on their official website. Those in need of plumbing services, including emergency plumbing services, can contact Miami Rooter via the telephone number given on their official website or fill out the online form and a representative of the company will return the call as quickly as possible.
