Scottsdale Golf Club Now Available For Weddings And Other Social Events

September 17, 2018

September 17, 2018 - PRESSADVANTAGE -

The Country Club at DC Ranch, a golf and country club at Scottsdale, AZ, has announced that they are now available for various kinds of social events, including weddings. They want to stress that the Courtyard at the club offers a beautiful panoramic site for a wedding ceremony that offers the charm and romance of the Old World. They want to point out that the Event Lawn, which is right next to the Swimming Pool, is a great location for the wedding ceremony or the reception.

Melanie Halpert at The Country Club at DC Ranch says, "We are the premier private golf and country club in Scottsdale and our Club has been designed to be a great location for weddings and other social events. The Event Lawn is a spectacular outdoor location for a wedding ceremony or reception. It offers panoramic views of the city, the McDowell Mountains and gorgeous desert sunsets."

The Country Club at DC Ranch is situated on a knoll close to the McDowell Mountains. It has an architecture that integrates historic Arizona with details found in the popular Western resorts of the 20's and 30's. Its primary building is the 45,000-square foot Ranch Hacienda Clubhouse, which offers the appropriate atmosphere for holding various social events, such as wedding ceremonies and receptions.

The Clubhouse has several rooms for hosting various occasions, such as weddings, company parties, showers, or private events. First, there is the Boardroom, which is warm and comfortable and has a capacity for up to 22 people. Then there are the Private Dining Rooms, which offer great views of the golf course and the McDowell Mountains. These are for dinner parties or cocktail receptions. Meanwhile, the Living Room simulates what a cozy home can offer, including furniture and a fireplace. Next, there is the Horse Bar, which has a ranch-style ambiance with a fireplace and equestrian murals. And finally, there is the Event Lawn and Pool Area, which is usually where weddings are held, including picnics, birthday parties, and other social gatherings.

Previous customers have provided proof of the club as a great location for weddings and other social events. For instance, Carmen E. says, "I had my wedding at DC Ranch Country Club and I cannot say enough amazing things about Sharon and the entire staff. I loved absolutely every moment from the planning process to the final day. Sharon has to be one of the most genuine, kind and helpful people I have ever met. My husband and I are so thankful to have gotten married here."

Melanie also wants to point out that the Scottsdale golf club offers upscale dining in a casual Southwest ambiance. She adds that inside the Ranch Hacienda-style clubhouse, members and their guests will enjoy a comfortable setting and various foods like sandwiches, salads, appetizers and entrees that have been based on traditional American cuisine, particular those from Southwestern culture. The club also has a wine program that will be able to satisfy even wine connoisseurs.

Melanie also wants to announce that various improvements and expansions to the golf and country club, known as Phase II, are scheduled to be finished by the Spring of 2019. Phase II has five components: a new 12,000 square foot facility to be used for health and wellness; a new indoor casual dining room; improvements to the golf short game area and expansion of the practice area; improvements to the Main Clubhouse; and expansion of the kitchen.

According to Melanie Halpert, the The Country Club at DC Ranch is the premier private golf and country club at North Scottsdale. This is where friends and families can come together to celebrate and enjoy the best of times in a distinctive setting. This includes playing golf on the classic course of the club that was redesigned by Tom Lehman and John Fought. Furthermore, the Club can host a wide array of activities including tennis, swimming, fitness, exceptional dining venues and various types of social events. Located in the center of Scottsdale, the club is only minutes away from world-class entertainment, high-end shopping, and luxury real-estate.

Those who want to know more about The Country Club at DC Ranch or who would like to book for a special occasion can visit the Club's website at <https://www.ccdcranch.com/>. There, they can take a look at the

services provided by the Club, such as catering, dining, golf, weddings, fitness, and tennis. There are four types of membership for the golf and country club: Sport Social Membership, Golf Membership, Junior Golf Membership, and Clubhouse Membership.
