

Dentist In La Jolla Receives Over 600 5-Star Reviews

September 19, 2018

September 19, 2018 - PRESSADVANTAGE -

Solana Family Dental, a dental health clinic serving the La Jolla, California area, is proud to announce they have received over 600 5-star reviews from satisfied patients from all around the web, including Google, Yelp, Healthgrades.com, and Facebook. The clinic offers cosmetic dentistry, pediatric dentistry, and much more.

Dr. Michelle Sandler, a dentist La Jolla residents recently named one of the "Top Dentists in San Diego" in 2018 in San Diego Magazine, said, "In my 31 years practicing dentistry, my proudest achievement has been serving the families of the La Jolla area with their dental health. Seeing genuine and healthy smiles from my patients has been the greatest joy, and to see such positive feedback from them has been amazing. We hope to be serving families for years to come."

One of the clinic's most recent 5-star reviews from Alan on Healthgrades.com said, "The perfect dental office! Dr. Sandler is phenomenal and her dental team is top notch. The front office is the most helpful and friendly team I have ever had. I am so glad our friend recommended Dr. Sandler's office."

Over on Facebook, Liz L. said, "Everyone at this office was incredibly friendly and efficient. I really enjoyed my experience and will consider Solana Family Dental my new dentist. Dr. Sandler took her time explaining

everything in great detail and in a way that I could understand. I really enjoyed every interaction I had at the practice. Thank you."

At Solana Family Dental, one of the procedures the clinic specializes in is called dental bonding. It is a cosmetic procedure designed to improve the look of chipped, cracked, or colored teeth. During the procedure, a composite resin material is applied to the teeth in order to make the teeth look like a desired shape or color. It is very similar to a shallow dental filling, though not as durable as a veneer or crown to repair teeth in both the back and the front of the mouth.

Dr. Wanda Kauffman of Solana Family Dental said, "We are also proud to provide full family dentistry for adults but also for kids and teens as well. We're dedicated to providing a relaxed and friendly environment in order to make dentists' trips less stressful for both parents and their kids."

The clinic's approach to a less stressful experience at the dentist starts with their initial examination. Using the latest technology, they do a thorough check of the general health of a patient's teeth, including the structure of the teeth, the integrity of the tissues surrounding the teeth, and other details. At the end of the exam, the dentist sits down with the patient to assess how they feel and give a recommendation on what procedure would work for them.

The relaxed nature of the exams is reflected in the 5-star reviews. In her review, Lisa E. said, "Thank you for always taking great care of me and my family when we come in for our appointments! The entire Solana Family Dental team is warm, caring, and professional."

John S. said, "Great experience for both my 3.5 year old daughter and myself. Dr. Kauffman was fun and educational in her approach with my daughter on her first visit to the dentist. She was also gentle, thorough and warm with me on my visit. Very pleased!"

As a mother-daughter team, Dr. Kauffman and Dr. Sandler recognize that a family's dental health is important. "Having practiced together for over 16 years, we want our patients who come in with their families to feel like they're part of our family as well," Dr. Sandler says. "No one should ever feel scared to come in and see us."

Some of the treatments Solana Family Dental offers include those for cavities, teeth grinding, gum disease, tooth loss, chipped teeth, and other dental problems. The clinic is dedicated to using the most up-to-date technology to treat several dental problems safely and professionally.

Kim A. on Google said about the service, "Love my Dentist Dr. Sandler. I've worked for Doctors all my life, not only is she very good dentist [...] (she) has a beautiful bed side manner and that my friends is rare. Her crew

are exceptional. Always very kind and professional in a down to earth kind of way. Always willing to accommodate my schedule."

Those who are interested in what Solana Family Dental has to offer can visit their website at <https://solanabeachdentistry.com/>. Not only can visitors read the clinic's blog to see their latest news, they can also book an appointment to get an exam.
