

South East Spas Announces Availability Of Above Ground Pools In West Palm Beach

September 19, 2018

September 19, 2018 - PRESSADVANTAGE -

South East Spas, a local pool and spa business in Florida that offers hot tubs and swim spas, has announced that they are now able to provide above ground pools in West Palm Beach. These are Doughboy above ground pools as indicated at <https://southeastspas.com/above-ground-pools-west-palm-beach>. These pools have a reputation of being the best for this particular category. Three models of Doughboy above ground pools are available: Autumn Breeze, Sterling Bay, and Century.

Phil Giles, owner of South East Spas, says: "We are proud to announce our above ground swimming pools in West Palm Beach. With over 65 years of experience, the Doughboy pool products provide a reputable and high quality structure that ensure the best experience for every homeowner."

Phil points out that above ground pools have several advantages over the usual in-ground pools. First of all, above ground pools cost much less than in-ground pools. Second, in-ground pools require much more time and are more complicated to install. Above ground pools can be installed and ready for use within just one day. Third, above ground pools require less space. Fourth, they can be moved to another location, for example, when people move to another house. And finally, they are much easier to maintain because nothing

is hidden and all of the parts of the pool are easy to access.

The above ground pools offered by South East Spas are provided with Zinc Clad 11000, which is a supportive dip that coats the steel walls to serve as protection against heavy corrosion. These pools also have rugged resin components that increase durability and longevity. A 20 year warranty is provided for all of the components. The first two years of the pool product warranty and the first three years of the liner warranty are completely covered for any manufacturer defects. The remainder for each warranty will be prorated.

Aside from above ground pools, South East Spas is a provider of swim spas and other backyard accessories. They offer two kinds of swim spas: H2X and MP Signature. Phil Giles says, "We offer Master Spa's complete line of Michael Phelps Signature Series Swim Spas direct to your backyard. We have overstock models as well as Scratch/Dent spas and Michael Phelps Signature Swim Spas. These spas are ready to be delivered to your backyard for creating your outdoor oasis. Feel free to contact us so we can get you set up."

In addition to above ground pools, South East Spas in West Palm Beach, FL also offers several hot tubs that can be installed in the backyard. Phil Giles explains, "We offer a complete line of hot tubs designed to offer relaxation, recreation and wellness. Each individual spa offers its own unique look, feel and features so you can find the right fit for you for your family."

The swim spas and hot tubs in their West Palm Beach location are provided with ergonomic design with seats that complement the contour of the body, thus making it easy for a person to relax in them. Once a person is in place, strategic placements of water jets offer hydrotherapy for the whole body, along with top of the line pumps. These are also equipped with a Bio-Magnetic Therapy System that takes advantage of the fact that magnetic therapy has been applied for centuries in easing pain, enhancing circulation, relieving stiffness, and decreasing swelling.

The hot tubs are provided with various features. These include the Orbit jets & AquaTerrace to allow adjustment of the velocity of the water to be varied from 10 percent to 100 percent; ergonomic design; a stress relieving jet system for the neck and shoulders; the Master Blaster Foot Therapy System; the Xtreme Therapy Seat for providing hydrothermal therapy for the whole body; the Master Force Bio-Magnetic Therapy System; lighting and sound system; and a noise reduction system.

Along with the Doughboy above ground pool line, South East Spas also offers two kinds of grills for barbecue cooking in the backyard at their West Palm Beach location. They have the Big Green Egg Grills and the Green Mountain Grills. The Big Green Egg Grills are egg-shaped and come in different sizes to suit various needs and budgets. These are: small, medium, large, extra large, and double extra large. The Green Mountain Grills come in three models: David Crockett; Daniel Boone WiFi Model that has a digital WiFi controller; and the Jim Bowie WiFi Model, which also comes with a digital WiFi controller.

South East Spas is a family-owned business with a team that has more than 40 years of experience and customer service in the industry. It has three locations in Florida: West Palm Beach, Fort Myers, and a warehouse in Stuart. They are available seven days a week that ensure that customers have access to their services and their needs are taken care of.

Those who are interested in getting more information about any of the pools, spas, hot tubs, or their backyard accessories can contact them by visiting their website or get directions to their locations through their Google Maps page which can be viewed at <https://goo.gl/maps/TegvVWZjBV32>.
