

Renew Crew of Atlanta Announces \$1 Deck Special

September 20, 2018

September 20, 2018 - PRESSADVANTAGE -

Renew Crew of Atlanta, a company offering power washing services in Atlanta, GA, has announced that they will be offering an end of summer special through September 30th. In this special, the company offers power washing services for decks at just one dollar per square foot. This is designed to allow homeowners to prepare their decks for the upcoming fall and winter seasons.

A spokesperson for Renew Crew of Atlanta says, "Protect your deck from the fall leaves and winter rain. We will clean & protect your wooden decks with our proprietary 3-step Pre-Foam, Power Clean, and Protection Process - making everything look like new again and sealed for winter. Now, with our \$1/sq ft deck special, you can have your deck ready for fall and winter without putting too much stress on your budget."

The power washing services offered include deck pressure washing, deck cleaning and deck sealing. A common service provided is deck cleaning because every deck gets dirty and grimy during the summer season because of various elements, such as the weather, moisture, dust, and dirt. If dirt and grime are allowed to accumulate on the deck, it will result into an unpleasant appearance and possibly cause damage to the deck.

The unique features of the power washing offered by the Renew Crew include the use of proprietary foam

that can soften the dirty, greywood fibers so that the dirt and grime can be gently rinsed away. The foam soaks in deep to loosen any embedded dirt. Then an eco-friendly, non-chlorine formula is used to kill mold and mildew without causing any damage to the wood and the landscaping. Then a proprietary polymer mix that can block UV rays is applied to the wood with the effect of sealing it and protecting it from the elements.

The spokesperson says, "Sealing your deck isn't an option, an add-on, or a luxury; if you want your deck to last, sealant is essential. Although your deck looks good after a well-needed washing, it has to be protected from the UV rays, and weathering effects that will come. That's why we round out our deck cleaning and staining process by treating the whole deck with another unique Renew Crew formulation: a protective finish that soaks into the wood and seals pores."

Renew Crew of Atlanta strives to be the best in all services that it provides. The spokesperson says, "It means a lot to us that we have been receiving several five star reviews because we strive to provide the very best. You can watch our videos, which we have created to showcase a number of these reviews."

One example of a five star review was provided by Jasmine H. She says, "After researching a bunch of places I was very impressed with Renew Crew. The crew and owner were very determined to make me a happy customer with my ever annoying indecisiveness! I am so thankful for their help and determination. We are so very pleased with our deck and fence and can not wait to enjoy our Renewed space! Our deck was constantly turning green and we look forward to it staying beautiful."

Another example comes from Tanya H. She says, "I am thrilled with the work that Renew Crew did for us! We got two fabulous new garage floors, but the deck has me blown away. We thought we'd have to get an entire new deck, but they brought our existing one back to life and it literally looks as good as new. It's awesome!! Todd and Tony and the crew are great to work with and went above and beyond to make our deck look fantastic. Thank you!!"

Atlanta natives Courtenay Dutton and Todd Barton are the Renew Crew of Atlanta owners. Courtenay proudly states Renew Crew of Atlanta is a power washing company focused on fun, specialize in residential exterior cleaning in Atlanta, Marietta, Alpharetta and everywhere in between.
